Main Specifications

Type: Architectural Recessed LED Downlight	Construction: Precision die-cast aluminium housing with integrated thermal management
Installation: Recessed with Curved Trim	Reflector Finishes: White · Black · Silver · Metallic Black
Power Options: 5W · 7W · 9W	Control Options: TRIAC · DALI · 0–10V · Casambi
Luminous Flux: Up to 630 lm	Input Voltage: 220–240V AC 50/60Hz
Luminaire Efficacy: Up to 70 lm/W	Dimensions: Ø68 × H76 mm
Colour Temperature: 2700K · 3000K · 3500K · 4000K	Cut-Out: Ø55 mm
Colour Rendering: CRI 95+	Material: Die-cast Aluminium
Colour Consistency: SDCM <3	Ingress Protection: IP44
Beam Angles: 15° · 24° · 36° · 50°	Serviceability: Replaceable LED module and driver from below ceiling
Optical System: NOVA Optical Engine featuring deep recessed precision optics	Customisation: Custom beam angles, CCT and control options available
Glare Control: NOVA Visual Comfort System with advanced four-layer anti-glare technology	Warranty: 5 Years
Light Source: High-performance LED Module
