Main Specifications

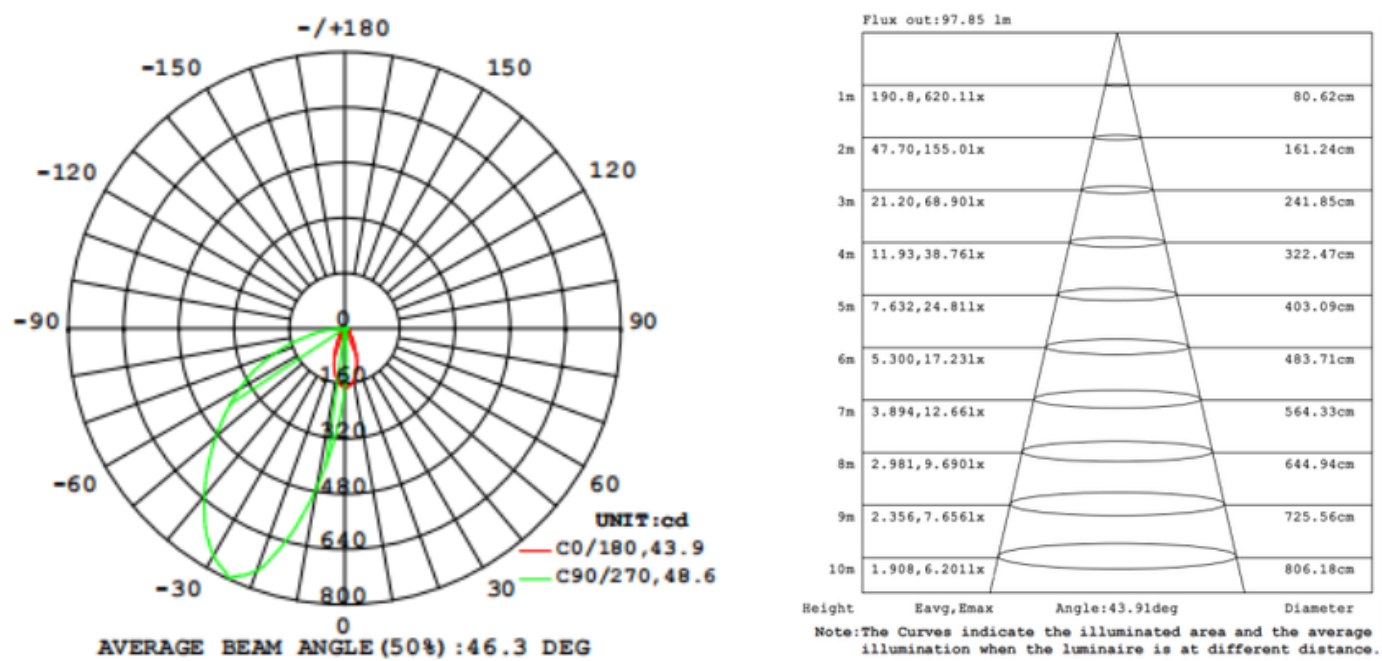

Type: Architectural Wall Washer Downlight	Input Voltage: 220–240V AC, 50/60Hz
Power Options: 12W	Dimensions: Ø80 × H84 mm
Luminous Flux: 840 lm	Cut-Out: Ø75 mm
Luminaire Efficacy: Up to 70 lm/W	Construction: Die-cast Aluminium Housing
Colour Temperature: 2700K / 3000K / 4000K (Custom CCT Available)	Material: Die-cast Aluminium
Colour Rendering: CRI >90 (CRI >95 Available)	Ingress Protection: IP44
Colour Consistency: SDCM <3	Installation: Recessed
Beam Distribution: Asymmetric Wall Wash	Customisation: Custom CCT, CRI and Control Options Available
Optical System: Precision Asymmetric Optical System	Warranty: 5-Year Warranty
Glare Control: Low Glare Optical Design	Applications: Feature Walls, Galleries, Museums, Hospitality, Retail, Luxury Residential and Commercial Interiors.
Control Options: Non-Dimmable, TRIAC, DALI and Casambi
