

Verona Symphony Chandelier

Product Code: LUPD558/51/84

Dimensions: D130cm x H110cm(custom sizes available upon request)

Standard Chain Length: 1200mm (custom lengths available to accommodate various ceiling heights)

The Verona Symphony Chandelier is a masterpiece of lighting design, combining hand-blown glass tubes with a sturdy stainless steel frame to create a visually striking feature for large spaces. This chandelier is perfectly suited for use in residential voids, stairwells, high-ceiling living rooms, or commercial environments requiring a sophisticated focal point.

Power & Light Source:

Equipped with E14 LED bulbs (included), this chandelier provides energy-efficient lighting with an impressive lumen output of 90lm per watt, ensuring optimal brightness for large, open spaces.

Color Temperature:

The chandelier offers customizable lighting with both 3000K (Warm White) and 4000K (Cool White) options, allowing you to tailor the atmosphere to your preference, whether you desire a warm, welcoming ambiance or a brighter, more neutral environment.

Dimmable:

Compatible with TRIAC dimming systems, offering smooth control over the lighting intensity, making it ideal for adjusting the ambiance to suit various occasions.

Materials:

Crafted from high-grade stainless steel and complemented by intricate hand-blown glass tubes, this chandelier combines both durability and elegance to make a lasting impression.

.Finish:

The chandelier is finished in sleek polished stainless steel, enhancing its modern design, while the clear glass tubes create a dynamic interplay of light and reflection.

Weight:

This chandelier weighs approximately 80kg, reflecting the solid construction and premium quality of materials used.

Lead Time for Backordered Items:

Approximately 10 weeks.

Code: F

Notes:

On-site assembly is required for this chandelier, and professional installation is recommended to ensure the best results and to fully capture the chandelier's stunning design.
