WEAVING LIGHTS

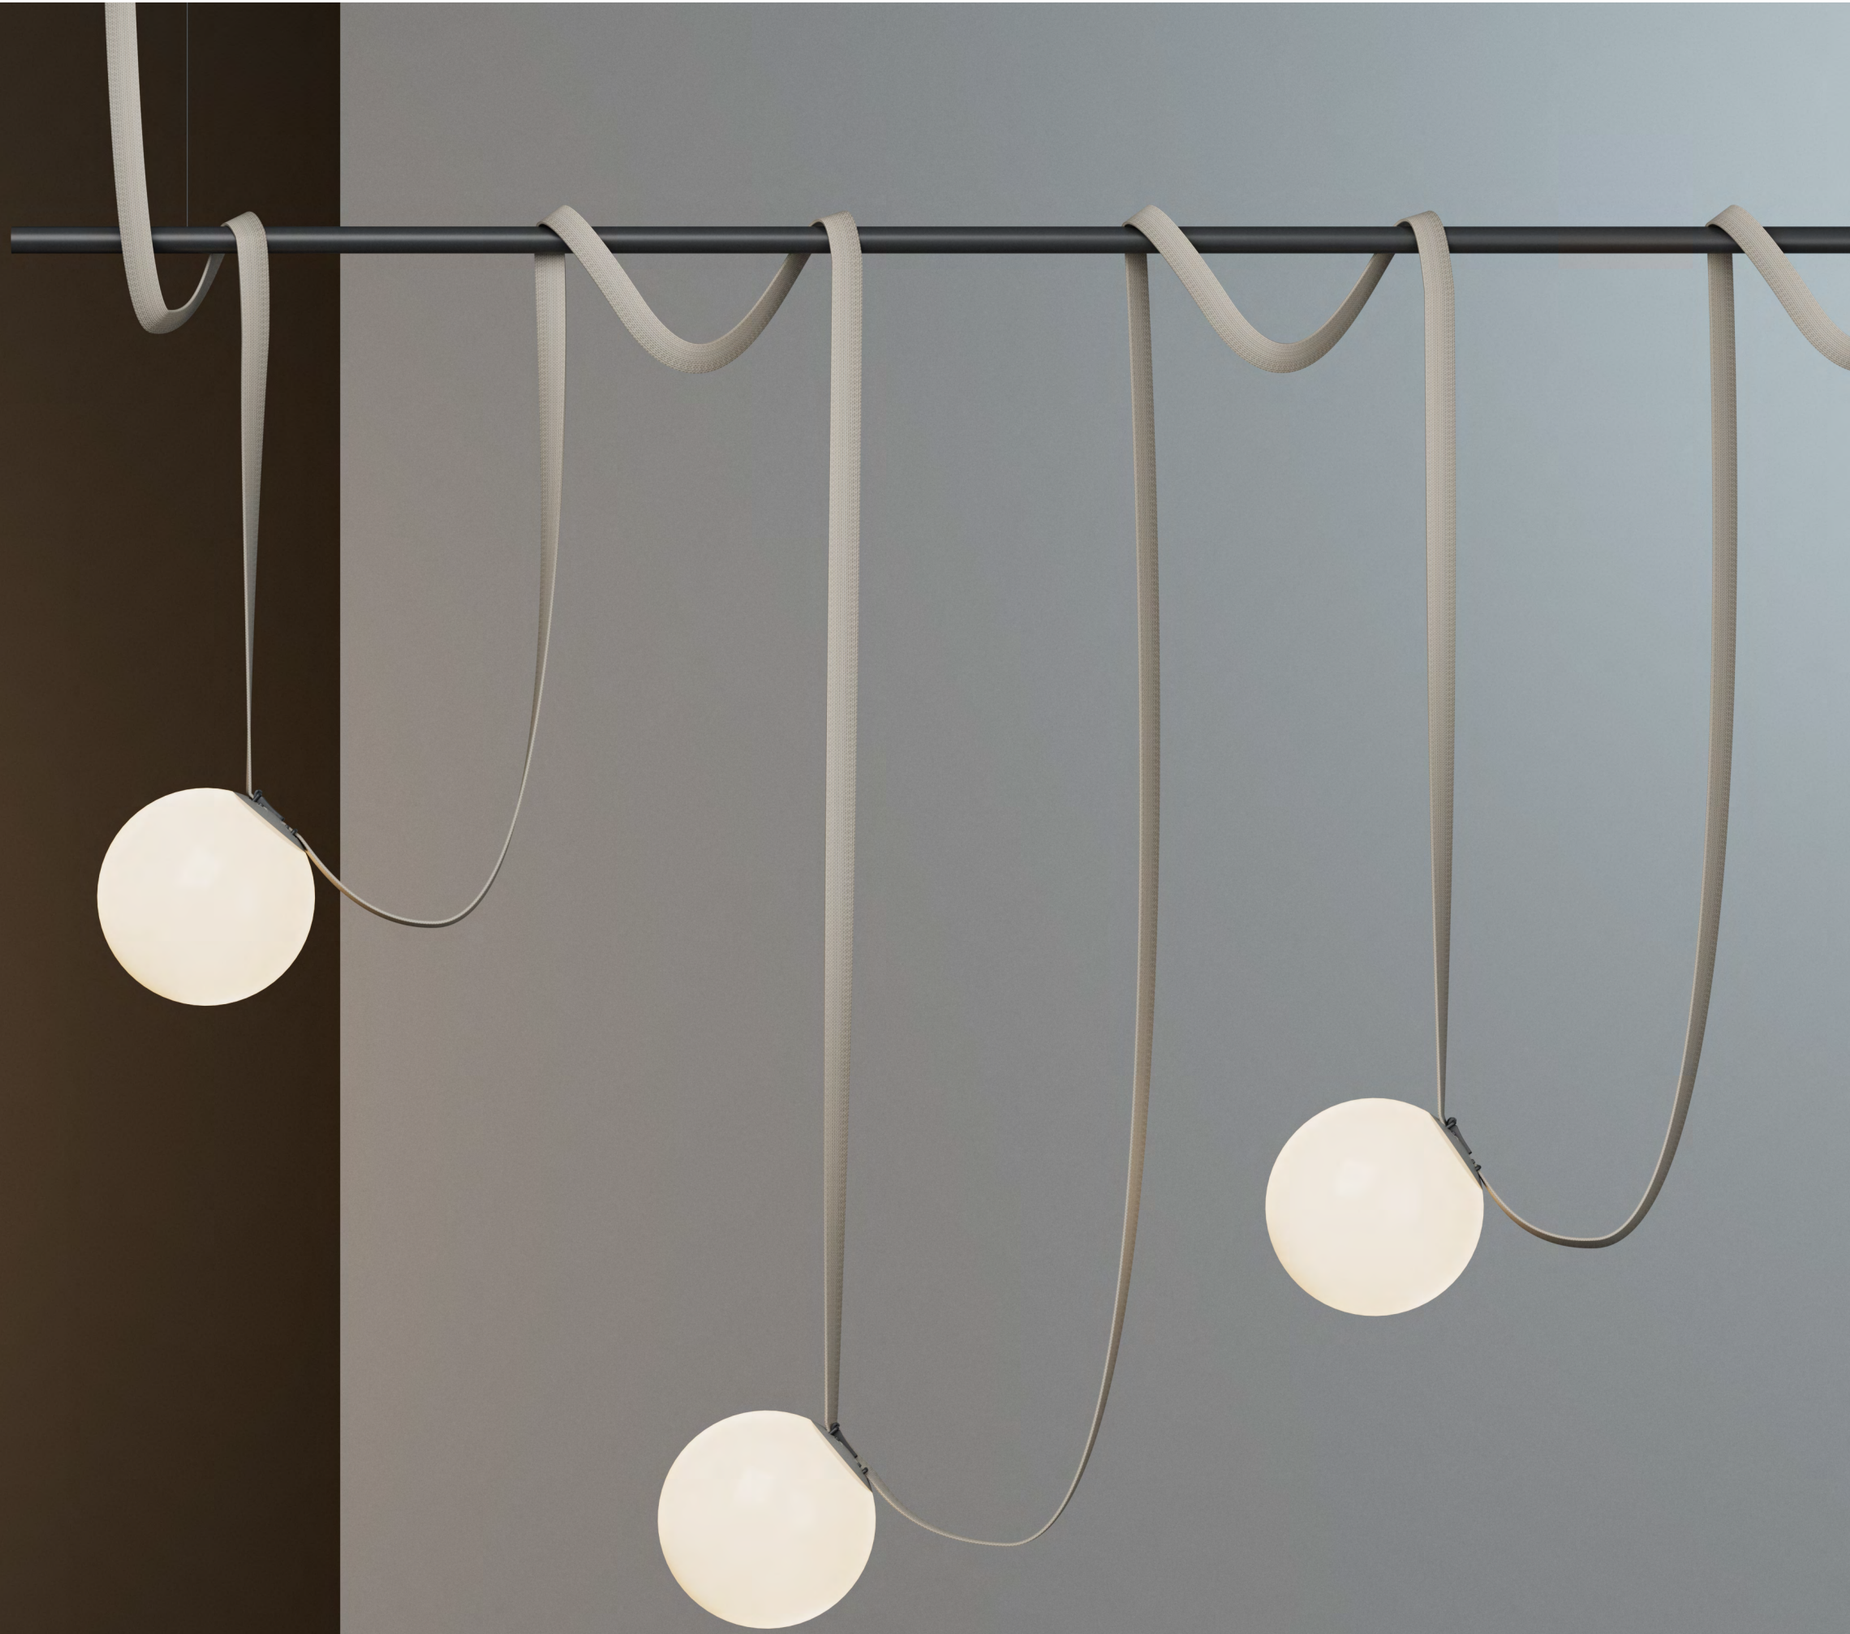
Series

WEAVING LIGHTS series, It allows for the free placement of lighting fixtures and the creation of unique lighting solutions.Simple and progressive, elevating the concept of light rail to a new level.

Braided tape with innovative lighting concepts, using textured fabric tape for effective conduction Electricity, it enables light to flow in space.

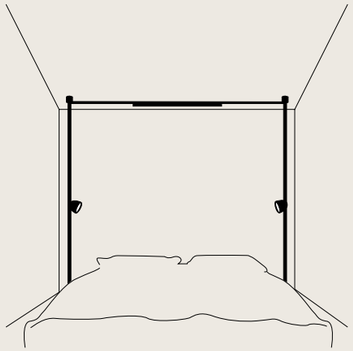


Lucretia

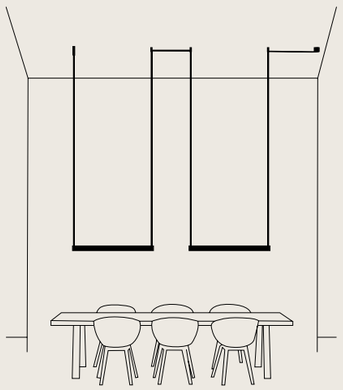
Diverse Shapes

Different products are paired with woven straps of various shapes to create a different atmosphere, suitable for various high-end lighting scenes.

Spotlight Module-PXX0890 + **Semi-circular** Spotlight-PXX0891

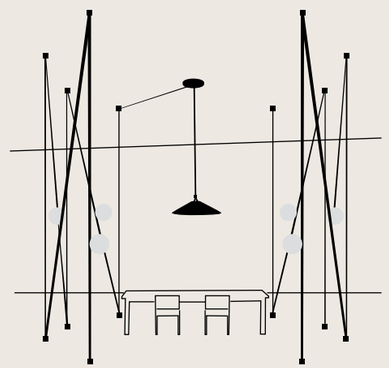


Louver Module-PXX0896 + **Flood Light Module**-PXX0897

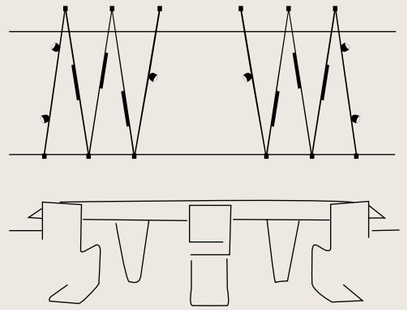


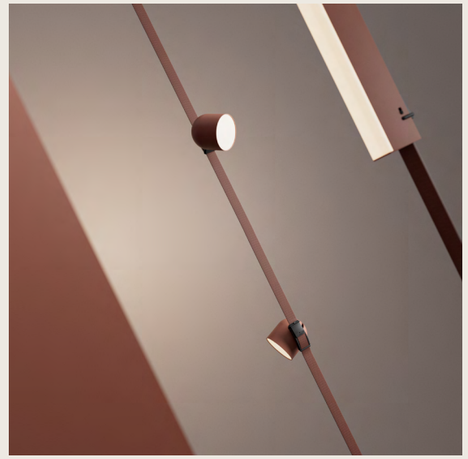
Semi-circular Flood Light-PXX0893 + **Conical Light**-PXX0895

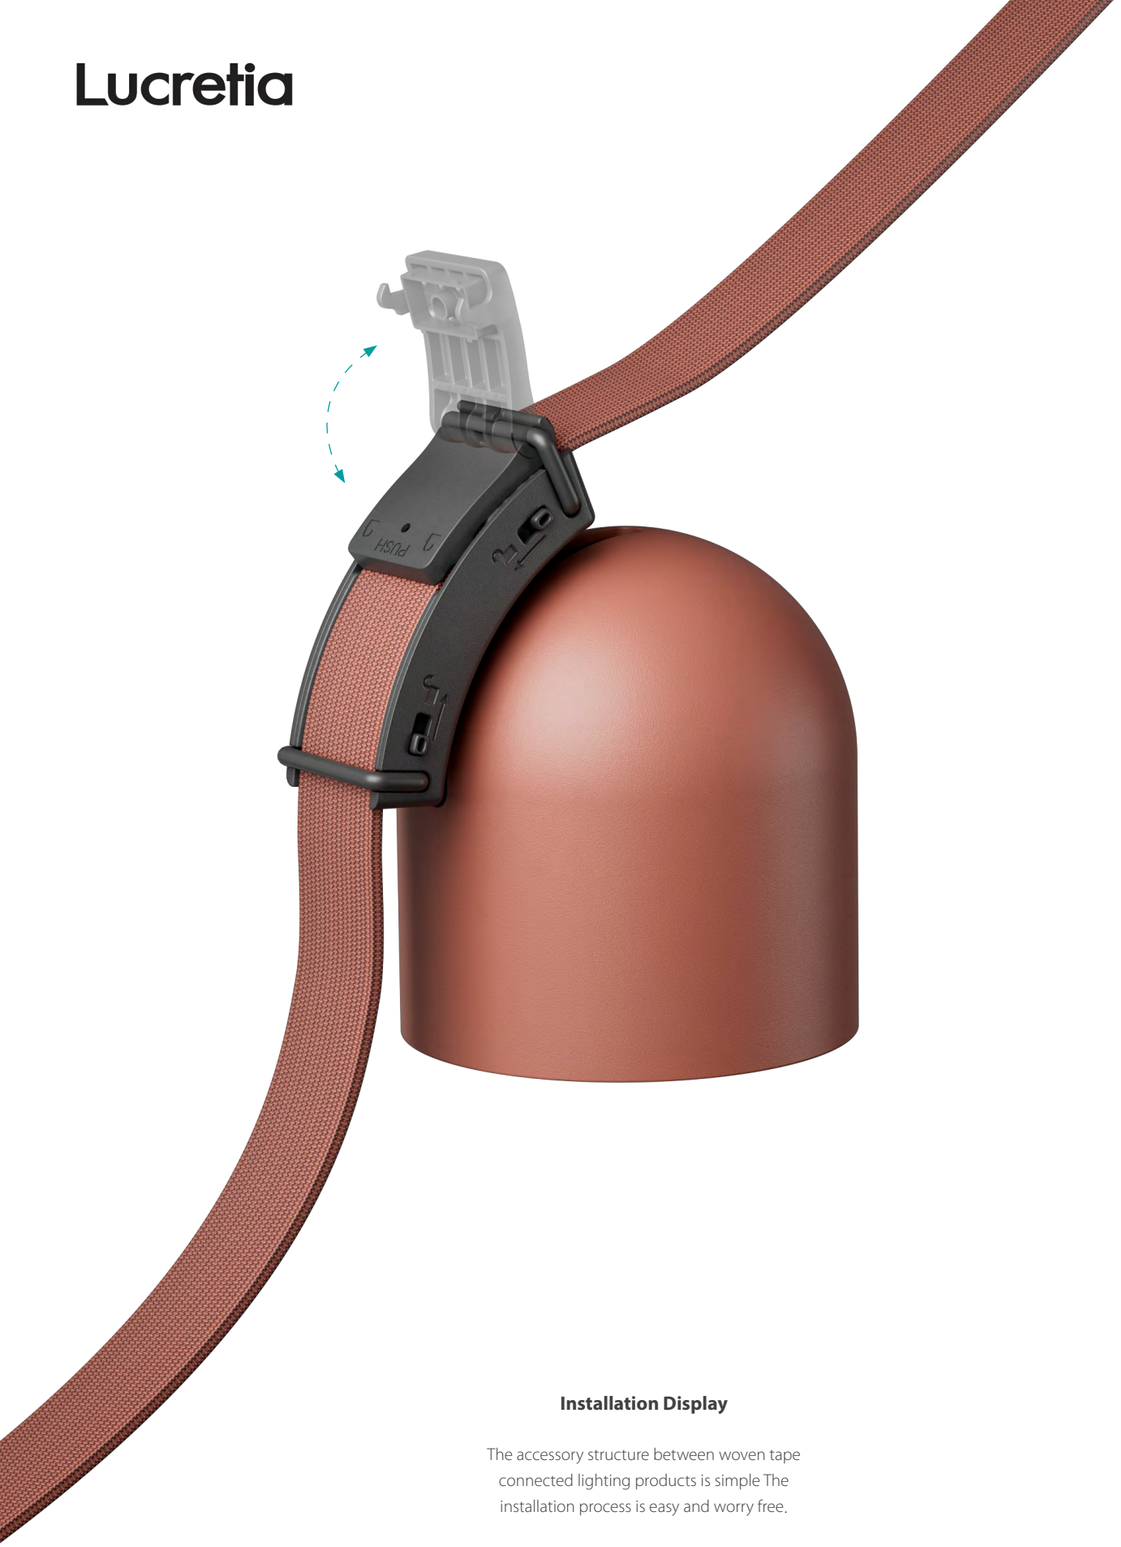
Light Ball-PXX0894 + **Conical Light**-PXX0895



Semi-circular Flood Light-PXX0892 +**Flood Light Module** -PXX0897

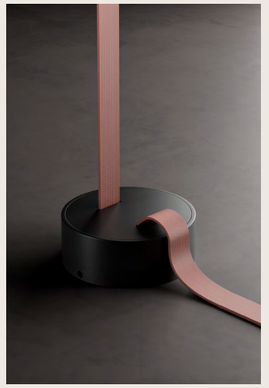


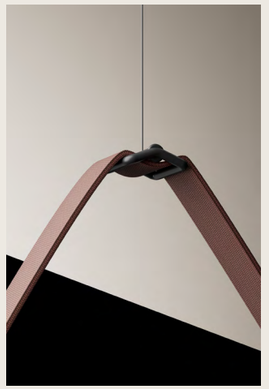


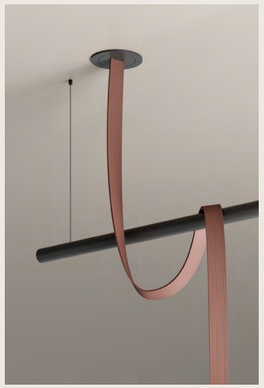


Installation Display

The accessory structure between woven tape connected lighting products is simple The installation process is easy and worry free.







Display Of Accessory Details

Each belt can be cut as needed to accommodate multiple lighting fixtures, and can be operated with simple accessories. The belt provides tension adjustment from tension to relaxation, as well as click and connect functions, and is attached to each lighting fixture with snap ins.

Display Of Installation Of Exposed/ Embedded Electrical Boxes

Built in power supply, single output. It can be installed on the ceiling or embedded in the ceiling, and can be freely installed according to personal needs.

Display Of Installation Of Exposed Large Base

Built in power supply, providing conductivity, it can export two braided straps in the middle, which can be used to connect products or fix braided straps.

Display Of Installation Of Exposed Large Base

Display Of Installation Of Exposed

Embedded Electrical Boxes

Multiple Colors

The weaving comes in five colors to choose from: **brick red, light blue, black, beige, and light green.** You can create your own style according to your needs and ideas.

Home decoration scene

Suitable for home decoration scenarios such as living rooms, dining tables, and bedrooms.

Workwear scenario

Suitable for workwear scenarios such as office areas, office spaces, exhibition spaces, etc.
